ELECTRICAL DATA ACQUISITION CO-LEAD, TEAM SWAPNOJAN

1st Feb,2022- Now

Team Swapnojan is a Formula Student Team from Ahsanullah University of Science and Technology . We are a dedicated group of students working to build a Formula student car with great dedication & the motive to fulfill our dreams. The team, which consists of more than 25 undergraduate students from various academic majors, is attempting to build a Formula Student racecar for upcoming Formula student competitions in 2022. As a team, we have quite a few legacies to our name. In 2017, we took part in "ISEI India"

and won two awards and also, in 2021, we competed in "Formula Bharat 2021" and won two awards as well. Here is a short glimpse of our achievements so far.
